Dear Mr. Kraft:

The City of Milwaukee Department of City Development greatly appreciates your firm's efforts and success in bringing new and additional investment into the Milwaukee region.

The EB-5 program, in combination with other tools available through various City of Milwaukee and State of Wisconsin programs, is a useful asset in efforts to revitalize Milwaukee, particularly those areas that need a higher level of assistance to become viable and productive in today's economy. FirstPathway Partners plays an important role by implementing a complex program in a manner that positively impacts Milwaukee.

Thank you for your work. We hope to continue to work together for a better Milwaukee.

Sincerely,

Rocky Marcoux
Commissioner
